INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with the duty of disclosure provisions of 37 C.F.R. §1.56, there is hereby provided certain information which the Examiner may consider material to the examination of the subject U.S. patent application. It is requested that the Examiner make this information of record if it is deemed material to the examination of the application.

Enclosures accompanying this Information Disclosure Statement are:

1. A List of References Cited by Applicants (References A01-A67); and
2. A legible copy of:
 - 2a. Each U.S. patent application publication and U.S. and foreign patent;
 - 2b. Each publication or that portion that caused it to be listed on the Form PTO-1449;
 - 2c. English language abstracts of the non-English language publications; and
 - 2d. All other information or portion that caused it to be listed on the Form PTO-1449.

This Information Disclosure Statement is filed under 37 C.F.R. §1.97(b) before the mailing of the first Office Action on the merits. Therefore, no fee is believed to be due for this Information Disclosure Statement. Should the U.S. Patent and Trademark Office determine otherwise, the Commissioner is authorized to charge any required fee to Jones Day Deposit Account No. 503013.

No admission is made that the information cited in this Statement is, or is considered to be, material to patentability nor a representation that a search has been made. 37 C.F.R. §§1.97(g) and (h).

Respectfully submitted,

Date: April 5, 2004
